

BAD THINGS COME IN THREES

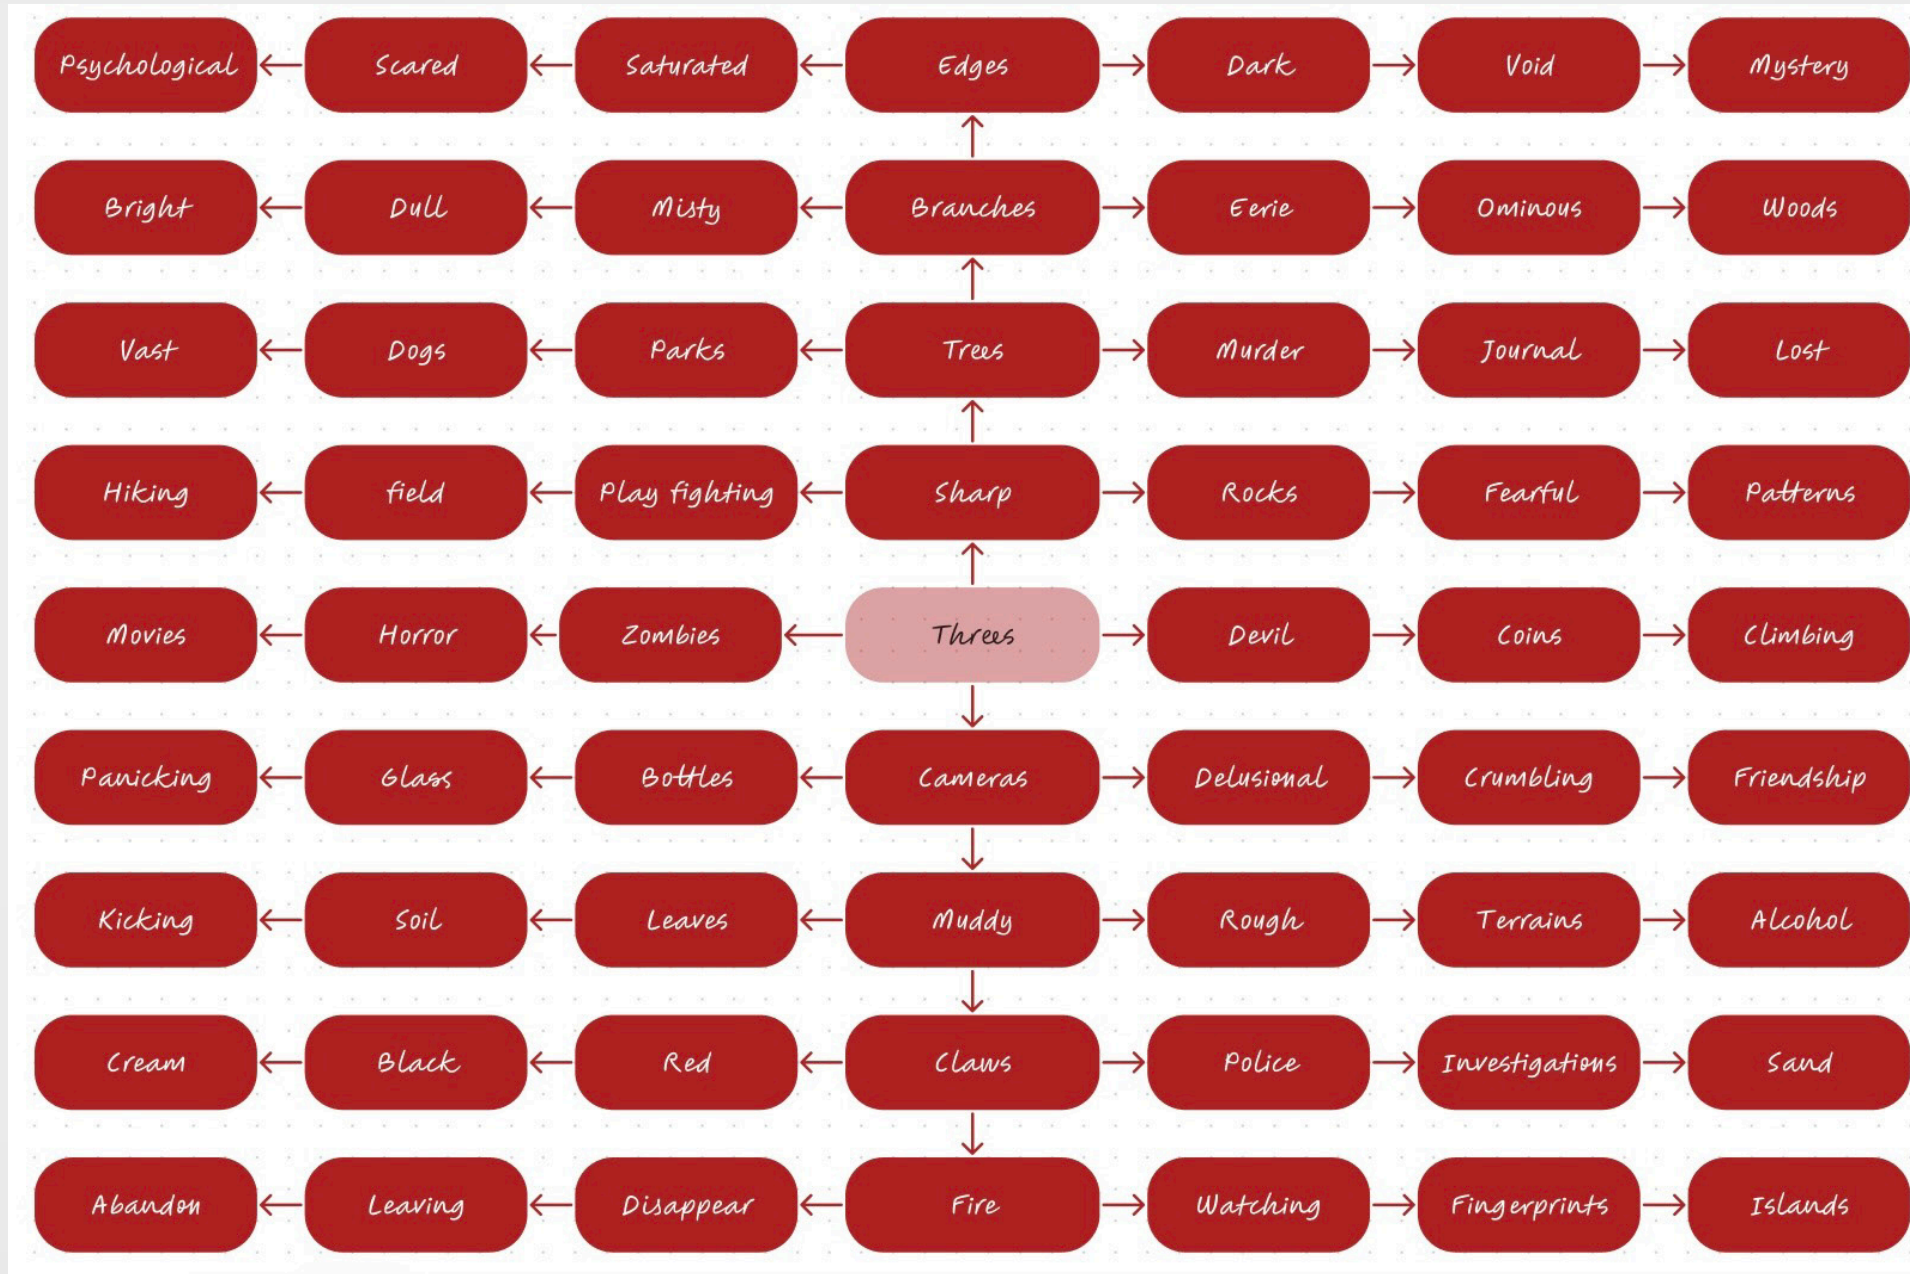

Bad Things Come in Threes | Book Design

What it is | Bad Things Come in Threes is a series of three books following the story from a pre-existing book from Paul Tremblay's *Disappearance at Devil's Rock*.

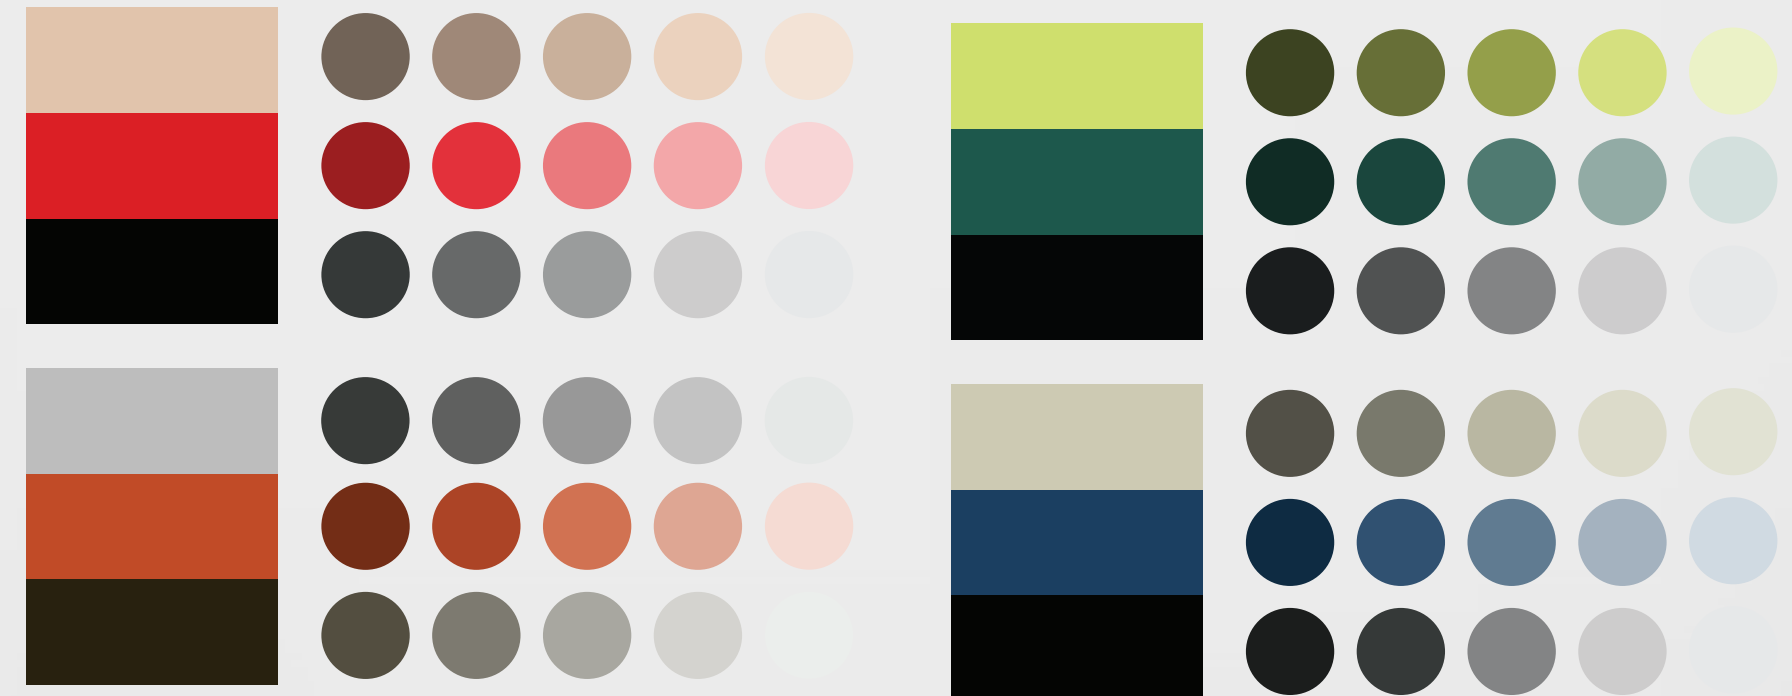

Concept | The concept "bad things come in threes" was established after reading Paul Tremblay's book for the first time. The number three holds significance in the original novel that inspired this series. The story revolves around three boys, one of whom disappears at a place known as Devil's Rock. In the Bible, Jesus is tempted by the Devil three times. Moreover, the superstition surrounding this number suggests that death and accidents occur in threes, further inspiring the series.

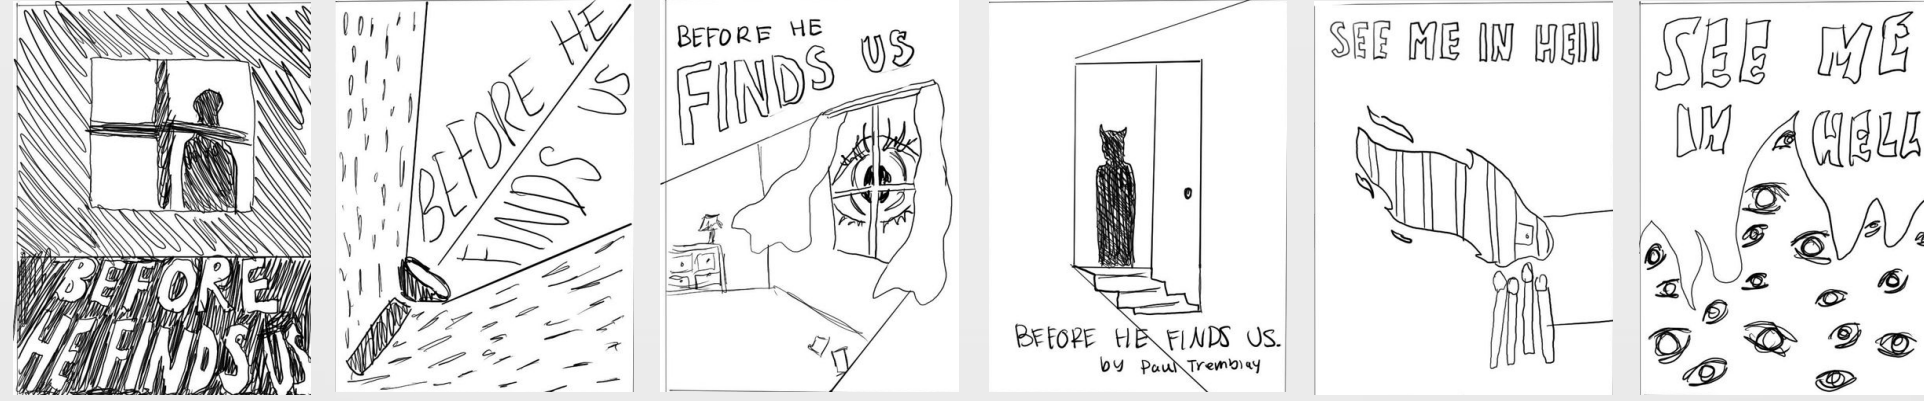

Deliverables | This project consists of one deliverable, a series of three books. The first book must be a re-design and the other two must come together to create a series.

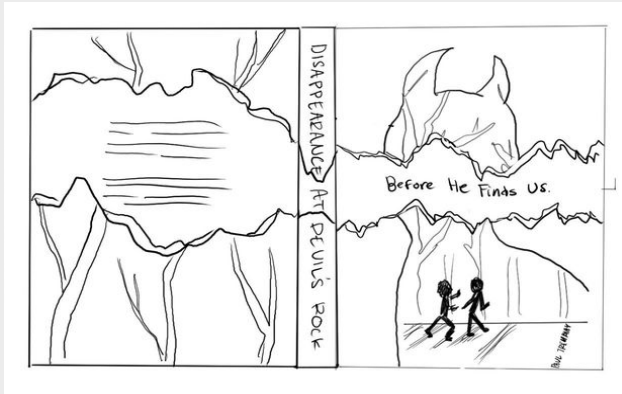

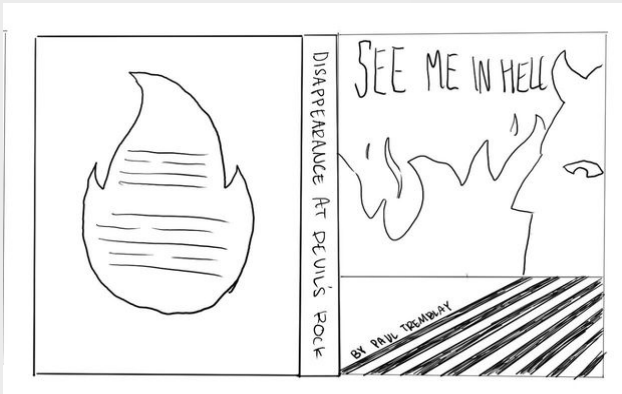

Key words | Red, sharp, ominous, eerie, fearful, and tension.

BEFORE HE FINDS US _____ OSWALD
 BEFORE HE FINDS US _____ OTF
SEE ME IN HELL _____ **CHILL SCRIPT**
 SEE ME IN HELL _____ APOLLINE
